Sealed bid proposals will be received by the Asotin County Health District for an office and warehouse remodel to a 9,600 square foot metal pre-engineered building located at 719 5th Street in Clarkston, Washington. The existing 712 sf wood framed mezzanine will be expanded by 1600 sf. The total buildout square footage is approximately 8,501 square feet. The existing building will be re-roofed and re-insulated. The sitework consists of a new concrete valley gutter and trench drain system along the North wall of the building and cut into the existing asphaltic paved yard. Other sitework include the installation of a fire sprinkler service line requiring cutting and patching on 5th Street along with associated piping. The Asotin County Health District has purchased some construction materials to be utilized for the job as listed in the contract specifications. A fire sprinkler system will need to be brought into the building. All work must be substantially complete by June 30th 2025.
